

## Walk Events and Dates

Please keep in mind that, as the walk progresses, the route and timing of stops and events may adjust somewhat for a host of possible reasons. These include mechanical issues with our support RV, weather (tornados and blizzards), plus physical and health issues that affect walkers and/or supporting team-members.

APPROXIMATE DATE	POSSIBLE EVENT	COMMENT
Sat. Oct 1st, 2022	Los Angeles, CA area	Begin Walk from Rose Bowl in Pasadena

Sun. Nov. 13th, 2022	Phoenix AZ	Side trip from walk route in RV
<b>NOTE #1 - I suspended my walk on 12/7/22 to return home to VT to support my life partner Sally, when testing results the first week of December showed that stage breast cancer had overwhelmed her 1<sup>st</sup> treatment that had been superbly holding it in check for some two and a half years when I began the walk. Sadly, Sally died on April 8<sup>th</sup>. I then organized a huge celebration of her life that occurred this July.</b>		
<b>NOTE #2 – Having done all I could, it’s now time to refocus – both on my own life ahead without Sally, and on doing what I can to support others to reform and strengthen our representative democracy so it will properly serve the public good of all 330+ million of us. Thus, I plan to resume my walk the last week of this month (August) near Albuquerque NM.</b>

<b>NOTE #3 – Since suspending and disrupting the original schedule to care for Sally, my continued walk location near Fort Collins in November leaves me and the support RV way too far north for safety going into winter. So, I will again suspend the walk during the winter months, but plan to reschedule and resume the walk, beginning about April 14<sup>th</sup> of 2024.</b>
